
Janet speech for 3-6-15:

Oak hill does not get enough \$ to support the staff, group homes, Day programs, work programs, education and activates. Staff needs to get a raise for the support that helps all of Oakhill group homes. No one should have a pay cuts. There is not enough \$ for the group home to buy food or personal items. There is also not enough \$ for our organization to run in a sufficient manner.

My name is Janet Winter. I live in a group home for 15 years at Oak hill. I expect more \$ to buy personal items like clothes, food etc. I work

for Oakhill as well I expect to have
enough \$ to support my self

I feel that the oak hill is not getting
enough support from the State of
CT.
